

## Quality Policy

At Aurigene Pharmaceutical Services Limited (APSL) quality is a core value system. We are committed to establishing and maintaining quality standards that provides assurance to deliver discovery, development and manufacturing services to our customers. We are also committed to complying with all current national and international regulations, codes and standards applicable to our business.

We aim to achieve this through a well-designed quality management system that places emphasis on:

- Overarching responsibility of management
- Patient and customer centric quality culture
- Management of quality through the entire development / product lifecycle
- Periodic reviews and continuous improvement initiatives
- Effective quality management systems integrating all service providers, contract development and manufacturing sites to provide assurance in order to deliver the services on behalf of APSL
